

Mom' Biker Bar 24th Crawfish Boil

April 17-19

By Alan Fox

Deep in the beautiful Piney Woods of East Texas, is one of the Bikers most friendly watering holes, Mom's Biker Bar. Yes, in Longview you can stop in, cool off, and find one of the landmarks of the Ark-La-Tex area. Mom's is the host of two great annual events, The Annual Hog Roast in October, and my personal favorite, The Annual Crawfish Boil! This year's Crawfish Boil (24th Annual), Moe, the new owner, not only had outstanding boiled bugs, but Mr. Bugs Henderson and the Shuffle Kings as the headlining act. Bugs, an international performing artist, was in true form and the crowd really showed their appreciation.

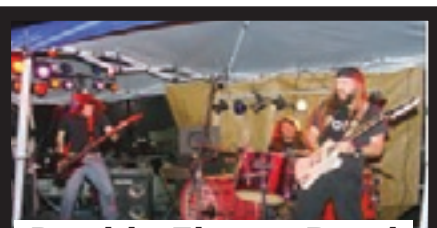

Even though it rained throughout the festival, over 1,500 biker and biker-wannabe's enjoyed great music at the three day event! We were blessed to only have one band not perform because of the rain. With outstanding vendors from all parts of the area, and some of the most talented performers, we feel that it was a great success. Be sure to thank Shelly for sharing some of the great photos that Jim Turner took so that you will be able to mark your calendar and join us for upcoming events.

From one of Mom's Fans:

"Dude, y'all really rock! Where did the last two bands come from? Don't get me wrong, all the other bands were really good but the Alan Fox Band, and Bugs Henderson and the Shuffle Kings were absolutely outstanding! Keep up the good work".

Bill M. - Dallas, TX.

A Little About Mom's

On December 27th, 2001, Mom passed on leaving this world with a multitude of friends who now continue to carry on the tradition of making her place a special place where everyone can come and relax, see old friends and most of all, have a little fun.

"Our goal is to keep the Spirit of Mom's with the original goal in mind. As a place where old friends and new friends can gather and relax...just like she did."

Donna, Mom's daughter and her husband Tom Orr ran the club from Dec. 2001 till Feb.2009

Moe Eldridge, has now taken over Mom's Biker Bar, as of Feb. 23rd 2009.
