

RIDING GROUP ROUND UP

POR VIDA

Rebuilding a Club, from the "roots" up...

We were contacted by a club in Houston looking for some help in getting the message out that they are rebuilding and ready to begin accepting new members. Por Vida Motorcycle Club was originally formed about three years ago. It's a familiar story... a group of friends started riding together and from

a common bond of friendship, built a motorcycle club. Por Vida grew initially, even had two chapters, one in Magnolia and one in Houston. Now, back down to one chapter and ten members, they've reorganized and are working hard to bring the family first club back.

They work hard to promote a good image of the biker community. Members participate in various charitable events, such as the Elves & More bike building

event during Christmas 2009. But the best part of a motorcycle club, they support each other – their brothers. When a "family member" needs help, they are there.

Currently, they meet twice a month, every other Wednesday at the Horns & Halos Icehouse in Northeast Houston. Their goals at this point, simply stated – grow. They're looking to add members, ride more, be able to participate in more community related events, and get a clubhouse.

If you're in Northeast Houston and are interested in finding out more, visit them online at PorVidaMC.com.
