D'Rose Inn & Cabins \* Leakey

It has been amazing! You have responded in force to this new program and we can't be more pleased! More than 50 have submitted pictures, including four riding groups; 9 have earned patches already; and we're out of the free booklets! But you can order one online for only \$5.00. The entire list is available online for download FREE.

As with any new program, you work kinks out in the beginning. In order to help clarify some items, here are some questions that have been asked:

Q: What qualifies in the pictures for a non-motorcycle event?

A: First, only the events listed in the Destination List qualify. Second, the picture must include a banner or sign indicating what event you're attending.

Q: Can I submit a group picture and all in the picture be qualified?

A: Absolutely! However, be sure to identify each person in the picture so we can keep appropriate records.

Q: My county has more than one courthouse, can I go to any or all of them?

A: No. Only the primary courthouse that is the "seat" of the county qualifies. However, if the county has a "historic" courthouse as well as a modern current courthouse, either qualifies, but only one per county can be submitted.

Q: Do I have to have a Thunder Roads Texas magazine in the picture?

A: Not at all, but it really is cool to see our magazine in pictures from around the state! And, admittedly, they are more likely to be used in the magazine.

Q: Can I use pictures from travels that I've taken in previous years?

A: No. The pictures must be from your travels this year.

Q: Do I have to get a booklet to participate?

A: Nope. The list is available as a free download from our website. The booklet just makes it easier to keep on your bike and offers a log to track your explorations.

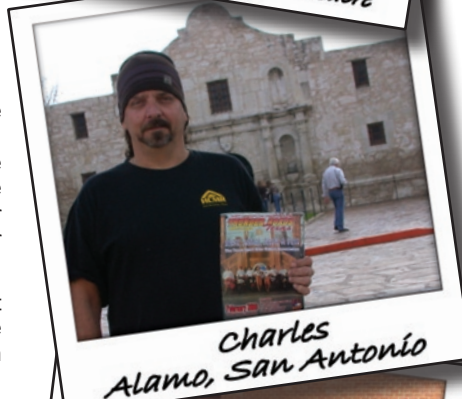

We're working on some exciting additions to Points Across Texas, so keep an eye out.
