

2010 Destination List and Rider Log

THE BASICS

The program is FREE! All you have to do is keep the list handy when you get on your bike and send us proof you've been there. Remember – just five locations and we'll send you the patch.

Sponsored by:

GENERAL RULES

- Pictures must include something that identifies the destination, such as street signs, city/town signs, event banners, location signs, and historical markers.
- The pictures should include some form of date stamp or, better yet, a current Thunder Roads Texas issue in the picture!
- Pictures must identify the name of the person for which the picture will count. If there's a group shot, a single picture may be submitted with a list of names.
- Don't wait until you have five photos! Send them as you travel. We'll publish along the way! And we'll keep track for you!
- If you find a location on our list that is not suitable (an event that will not be held in 2010, for example), please let us know!
- We'll provide updates to the list throughout the year. The best way to stay informed is through our Web-zine email. Visit ThunderRoadsTexas.com for updates and to sign up for the Web-zine.

MOST OF ALL - Be safe & enjoy!
