Points Across Texas is still going very strong and we can't be MORE pleased! It's time to start looking to the future... 2011 is closer than you think! So, put on your thinking caps and send us some suggestions:

- What places should be in the list?
- How are the numbers? Too few to earn a patch? Too many? Just right?
- If we don't do rockers for levels next year - what would you like to receive for going that additional "mile?"
- If we did something for the groups participating, what would groups like to receive?

It's been a good year for a new program. More riders on the road than ever before. Many readers have said this program gave them a reason to ride. So keep up the riding... ride safe and ride with **THUNDER!**
